

**Lincoln, VT Vote Tabulator Test
Minutes
Monday, July 25, 2022 from 2 pm to 4 p.m.
At the Lincoln Town Office**

(This test date was changed. It was originally warned for July 18)

The purpose of this event was to test the logic and accuracy of the memory cards for our vote tabulator machine, to prepare for the August 9, 2022 Primary Election

Present: Sally Ober and Asst. Clerk, Caroline Siegfried

We had trouble with the power on the tabulator machine. The whole thing worked and the test went fine, but it was running on battery power, not AC power. We called LHS and they asked Caroline to bring the machine to the elections training the next day on July 26. Mike from LHS replaced a fuse, and now the AC power works. We ran the whole logic and accuracy test again on July 27, as recommended by LHS. Mark Mulqueen was also present on the 27th. The logic and accuracy test came out fine again. We are ready for election day.
