Members present: Amanda Allen, Joe Martell, Tim McGowan

Public present: Peter Kamitses, Jovial King, Amy Masefield, Gregor Masefield, Chris Johnson

Agenda

**MOTION** by Tim, 2<sup>nd</sup> by Amanda to approve the agenda as written.

**RESULT** 3/0/2

Current Business

The Selectboard conducted a site visit at 751 Green Rd North to better understand the Class 4 road improvements proposed by resident Peter Kamitses in his right-of-way work permit application.

Previously installed waterbars would be replaced with culverts on the hill leading up to the property owned by Kamitses and Jovial King. The work would be done by Chris Acker of Acker Excavating in Bristol, who supplied a certificate of liability insurance with the town listed as an additional insured. Highway Supervisor Will Mathis previously reviewed the application and proposed work area.

The application was originally reviewed and discussed by the Board on July 2, 2024, at which point it was determined that more time would be needed to review the proposed work on site with all adjacent property owners present.

On site, the question of whether an engineering study would be needed to greenlight a culvert was discussed. The option of just approving the use of new water bars was also discussed.

A final decision on the permit application will be made at the August 20, 2024, meeting of the Selectboard.

**MOTION** by Tim, 2<sup>nd</sup> by Amanda to adjourn at 7:10pm.

**RESULT** 3/0/2

Respectfully submitted: Kristyn Brady
